

Teifi Ukulele Group

Use the questions below as a pro forma guide when discussing gig arrangements when we are asked to play at new venues / events.

Date, Time and Venue (including post code and, ideally ///what3words:

Contact details: Name/Phone/ Email/Address if needed:

When will the event take place?

Context of event / anticipated size of audience:

Will the band be playing indoors/outdoors?

Will there be any PA equipment available? (If so, how many mics / DI inputs}

Is there access to power sockets (Not a deal breaker as we're pretty much battery fed!!)

Will the organizer be willing to make a nominal donation to the band's charity of choice?

Is there parking available close to the event to enable access for equipment and for players with restricted mobility? Any details of additional parking:

Will the band need entry passes/tickets? Please explain how we will get these.

Is there a stage, and if so, how many will it accommodate? Is there additional space for further players?

If no stage, how many players can be accommodated?

What time can the band access the venue?

How long will the band be required to play for?

Is there any particular music/song that should be included?

Will there be any refreshments available

Are there any bands/choirs playing before or after us? (Useful to know what sort of music they are playing as it may influence our set list)
